Hi Judy,

Please extend our thanks to the GCCC for the helpful suggestions that were shared during the discussion of the Ed.D. Proposal on Wednesday. Attached to this message is a revised version of the proposal that includes the following changes recommended by the committee:

- The P-20 acronym is explained (p. 1).
- We’ve added a table in the appendix about other Ed.D. Programs in Iowa, in ISU’s peer-11 institutions, and in other AAU universities. We also added a sentence on page 1 to direct readers to this information to provide additional context.
- We deleted the extended response to question 2 (which duplicated earlier text for 1.c, as we saw the questions as asking for the same information). We’ve directed readers to refer to our response to question 1.c.
- We’ve revised the response to 3.a. to more directly address the question.
- We have added an appendix heading page that lists the items included, along with their corresponding page numbers.

Given that no objections or concerns were raised by the committee (only points of clarification and refinement), we respectfully request that the GCCC consider voting on this proposal in advance of the next scheduled GCCC meeting on Feb. 18. As we mentioned during the meeting, it would be ideal if both ISU and U of Iowa could coordinate their presentations to the Board of Regents with the parallel Ed.D. degrees. The next step in the approval process, Grad Council meets on Jan. 21 and, if at all possible, it would be wonderful if the proposal could be considered by Grad Council at that meeting.

Kind regards,

Anne
