

Comparing GC policies that combine undergrad/ grad students status and courses

Mônica Haddad and Natalie Robinson

March, 2022

4.3.2 Concurrent degree program.

I am concurrent student (undergrad/grad) and I am taking 6 credits of graduate courses.

These 6 credits will be double counted in my POSC for my undergraduate degree and for my graduate degree.

This can be a strategy to motivate students to stay and pursue a Master's degree.

5.1.2 Undergraduate-level courses taken as a graduate students on Program of Study.

I am a graduate student and I am taking 9 credits of undergraduate courses.

These 9 credits will be counted in my POSC for my graduate degree.

6.3.2 Graduate courses taken as an ISU undergraduate.

I am an undergraduate student and I am taking 6 credits of graduate courses.

These 6 credits will count in my Degree Audit for my undergraduate degree. These 6 credits, may or may not, count in my POSC for my graduate degree.

This can be a strategy to motivate students to stay and pursue a Master's degree.

Scenario

- In the Fall 2021, I am an undergraduate student and I take 6 credits of graduate courses.
- In the Spring 2022, I am a concurrent student and I take 6 credits of graduate courses.
- In my POSC I can have all the 12 credits towards my graduate degree.
